LIBRARIES ROCK!

The 2018 Vinita Public Library Summer Reading Program Theme is “Libraries Rock!”. We will be starting in June. Music brings people together; throughout history and around the world, music has been a special part of people’s lives, and it continues to play a fundamental role in celebrations, self-expression, communication, connection, and daily life.

Whether you’re a fan of classical, jazz, oldies, country, or peace and quiet, this summer’s program has something for you! Through books, games, musical experiences, and STEAM (science, technology, engineering, art, and math) activities, participants will interact with music and sound in a wide variety of ways. Learn about famous musicians, try

your hand at making an original instrument, find out about the science behind the music you love, think about the music that nature is making every day, and rock your way all the way around the world with hands-on activities for children and families.

The Dire King A Jackaby Novel By William Ritter

The fate of the world is in the hands of detective of the supernatural R. F. Jackaby and his intrepid assis-

tant, Abigail Rook. An evil king is turning ancient tensions into modern strife, using a blend of magic and technology to push the earth and the otherworld into a mortal competition. Jackaby and Abigail are caught in the middle as they continue to solve daily mysteries in New Fiddleham, New England—like who's created the rend between the worlds, how to

close it, and why the undead are appearing around town.

The Dire King is the fourth and final book of the Jackaby series and I found myself taking my time reading through it, not wanting it to come to an end.
