OK Virtual Library eReading Room For Kids and Teens

Age appropriate collections within your digital library

Kids and teens need a safe environment to browse the library. Just as the children's section of the physical branch is creatively sectioned off, we worked with our library partners to develop an appealing, user-friendly section of your OverDrive-powered website for kids or teens.

How is it organized?

Once inside the eReading Room, all searches

will show only kid or teen content. No adult content will appear in the search results. All titles in the eReading Room are also cataloged by reading level and other reading metrics to help parents and teachers select titles to aid in literacy campaigns. As with all eBooks in your full collection, all titles can be sampled in OverDrive Read prior to borrowing or placing a hold.

How to get started?

Just sign into the OK Virtual Library through

our website. Patrons need to know their library card number and their account must be current. The phone number the library has on file for them is their password. The titles can be downloaded to your PC, Kindle, iPad, Nook or smartphone. There are apps available for Kindle, Nook and Overdrive through the Apple Store or the Play Store for Android.

Please feel free to call the library at 918-256-2115 or stop by the circulation desk and a staff member will be happy to help you get started or answer any questions you may have.

Frazzled

By Booki Vivat

Meet Abbie Wu. Abbie is in crisis—and not just because she's starting middle school or because she's stuck in a family that doesn't quite get her or because everyone seems to have a Thing except her. Abbie Wu is always in crisis.

From author and professional doodler Booki Vivat, *Frazzled* dives right into the mind of this hilariously neurotic middle school girl as

she tries to figure out who she is and where she belongs. Akin to *Smile* by Raina Telgemeier, *Frazzled* is heavily illustrated, embarrassingly honest, and sure to appeal to anyone in the middle of figuring out how to survive the everyday disasters of growing up.
